G2 SOLUTIONS

We offer multiple solutions, and these systems can either be standalone or they can work together in unison!

*One System.
Clear Communication.
Instant Alerts.*

Communicate Clearly

With G2 Communicator at its core...

One-Way Communication

Reach every corner of your facility with ease. Our one-way paging system—powered by one-way IP and analog speakers, gateways, amplifiers, and the G2 Communicator server—makes school-wide communication simple.

Two-Way Communication

Enable clear, two-way communication in classrooms and beyond with our IP Endpoints—an affordable solution for any facility.

Alert Instantly

Mobile Panic Button

Stay protected with the G2 Mobile Panic Button! It works on its own or integrates seamlessly with the G2 Communicator system for added security.

Activator App

Launch alerts, announcements, or calls instantly from anywhere with the touch of a button.

Visual Events

Deliver clear, visual alerts campus-wide or to specific zones, all with our easy-to-use platform.
